

Number Formation Poem

1	Make a line and then you're done That is how to make a one
2	A candy cane and a line Makes a two every time
3	Around the tree around the tree That is how you make a three
4	Open the door, shut the door That is how you make a four
5	A silly hat and a big round tummy Number five looks funny
6	Make a line until it sticks That is how you make a six
7	Across the sky then draw a line Makes a seven every time
8	Make an "s" and do not wait Go back up and that's an eight
9	A loop and a line That makes a nine
